Over 1400 years ago, the Benedictine Monks developed the skill of the vintner to a precious art. ASSUMPTION ABBEY WINES are today the continuation of that centuries old, world-respected skill and the fruition of that art.

ASSUMPTION ABBEY WINES, under the auspices of the Benedictine Monks of Assumption Abbey, are produced and sold with the cooperation of the Biane family whose members have been continually in the wine business in California since 1832.

Setting a most rigid standard and supervised by the Monks themselves at the winery, these wines are the ultimate perfection of all of California's finest wines. Nothing has been overlooked to bring to you a product outstanding and unique in every respect.

The Benedictine Monks therefore present with pride ASSUMPTION ABBEY WINES, "Magnificent in the Benedictine Tradition."
